

Easy Connect “Steel”

High-Speed-HDMI® Cable with Ethernet

High quality with sensational price performance ratio. This cable has an additional data channel (ethernet channel) and enables AV components, AV or media receivers for example, to be linked up to the Internet without the need of extra network cable. This excellent High-Speed-HDMI® cable with 24 ct. gold plated connectors supports all current HDMI® formats up to versions with resolution of more than 1080p. Still improved high quality plugs and an enhanced shell are specific characteristics of this new *Easy Connect Steel* version.
