XXL®

XXL® Series 80

Optical digital cable, premium class

Absolutely quality-built fibre-optic cable for optical-digital audio connections between individual home-cinema components. The digital cable's patented design with 217 individual fibre-optic conductors generates highest luminosity and allows data to be transmitted at rates of up to 125 Mbps (megabit/second). The standard for the transmission of multi-channel sound formats using optical TOSLINK interfaces only specifies transmission rates of 12.8 Mbps! Preassembled with the TOSLINK „XXL Series 80 CO“ plug specially configured for this cable.

Features

- ✓ For powerful bass reproduction
- ✓ Robust plastic sheathing
- ✓ Solid full-metal plug
- ✓ 24 ct gold plated plug
- ✓ Ultra-thin individual wires
- ✓ highly flexible cable
- ✓ Effective shielding

Technical Data

Inner conductor material	Fiber-Optic
Inner conductor layout	217 individual wires
Cable sheathing	plastic
Plug design	geschr-Vollmetall-Acrylh
Special length	special lenghts
Cable geometry	Round
Plug type	Straight
